Prison Tokens, Coupons & Scrip of the United States and Canada

Acknowledgments

We can't express enough thanks to those that shared their knowledge, wisdom and support to help create this catalog. We would like to give specials thanks to the following individuals.

Dick Hanscom (Alaskarecoins.com) for information, scans and literature on Alaskan items.

John Byers for information and scans of Texas scrip.

Les Smith for information and guidance on Michigan items.

Bob Smith (Missouri tokens)

Tony Chibbaro for information and scans of South Carolina items.

Darryl Chapman for information and scans of Tennessee items.

Eric Jensen for information and scans of almost all of the Alberta items.

Jim Astwood for information and scans of almost all of the Manitoba items.

Dave St. Onge- Curator/Conservateur for Musée Pénitenciaire du Canada

We also appreciate those sellers on eBay who generously allowed us to use scans of prison scrip items they had listed. Their acknowledgements are included in the listing notes.

Finally, we owe a debt of gratitude to the late Jerry Zara for creating what most consider to be the first comprehensive guide to this hobby in his book *Prison Tokens and Medals of the United States*. It also includes some historical information about a number of the pieces in the catalog. We highly recommend that if you do not already have a copy you should contact his publisher, Paul Cunningham, and obtain one. He has them available for \$25 postpaid. For any orders, send a check or money order to Paul Cunningham, P.O. Box 1, Tecumseh, MI 49286.

Forward

You may ask, “why were there special kinds of money used in prisons, jail and reformatories?” There are good reasons not to allow legal tender coins and bills in the hands of prisoners. The ready availability of such currency could encourage bribery, extortion, gambling and facilitate acquisition of contraband and escapes. Still, there needs to be some type of money so that inmates can purchase discretionary items, such as snacks, tobacco, toiletries and reading and writing supplies. This catalog will focus on the token coinage and scrip issued to address these problems in the United States and Canada.

According to our research, the first significant numismatic look at this subject is contained in an article published in 1960 by Jack F. Burns, Research Associate, Section of Coins and Medals, Carnegie Museum. More recently, Jerry Zara's *Prison Tokens and Medals of the United States* was published by Paul Cunningham in 1992. This 162-page hardcover book provided the most comprehensive look at the topic to date, and this new catalog makes occasional reference to Zara's work and cross-references our listings to his numbers where possible.

The first widely used alternative currency in prisons and jails were tokens. While these reduced the chance of bribery of correction officers and hindered escape, they did not eliminate their use for gambling, contraband and extortion. To counter this, institutions would put limits on the value of such tokens that the inmate could draw from an account or have in his or her possession. Other than tokens, coupons issued in booklets or attached as tear-offs to cards, punch cards and credit slips have been used in prisons to address the purchasing needs of the inmates. Now, as with the transportation industry, I'm sure that electronic cards have come into use, replacing other forms of scrip. But the scrip currency of our penal institutions makes an interesting and challenging field for collecting.

There were a number of at-risk youth and truant school institutions set up for delinquent or otherwise wayward boys and girls. Those that were part of the State or Provincial Board of Corrections are included in the general listing. However, there were private, non-official institutions, and we have listed these in a separate section. One of the best known of these institutions is Boys Town founded in 1917 in Nebraska. It issued tokens for its Student Bank in denominations from 5 (cents) to 5.00 (dollars). Another institution was the George Junior Republic, first established in 1895 in Freeville, NY. Other similar “Junior Republic” institutions followed, many issuing tokens and/or paper scrip. Many of the tokens issued by the George Junior Republics had dates of issue, ranging from 1896 to 1946.

How to use this Catalog

Revised Cataloguing Approach for Official Prison Scrip

This catalog uses a new cataloging approach for prison scrip, identifying the state/province, facility, type of scrip, series identifier, denomination or use, and subtype identifier as follows for governmental authorized facilities:

State: Two-letter State/Province Identifier (e.g. AK = Alaska, AB = Alberta) (*hyphen*)

Facility: Three-letter Facility Identifier (e.g. TSF = Tucker State Farm) (*hyphen*)

Type of Scrip: One letter: B=Coupon Book/Card with detachable coupons, C=Coupon from a book/card, K=Ticket sold or distributed individually (e.g. from a roll of tickets), P=Punch Card, T=Token, N=Note, R=Receipt

Series: One letter to identify a group of a similar type of scrip (A through Z) (*hyphen*)

Denomination/Use: Three Characters: Denomination: 001 = one cent, 100 = \$1, \$10 = \$10; or Use: LAU = Laundry; SHW = Show; MLK = Milk; COK = Coke; COF = Coffee; GEN = Generic; HCT = Haircut/Barber; etc.

Variety: One lower case letter to identify die/color/other variations within a type.

While this approach may seem cumbersome at first, I believe it provides the necessary flexibility to properly catalog current and future prison money types.

Some examples:

1. Zara's Catalog Numbers AR-50 to AR-54 for Arkansas' Tucker State Farm have become: AR-TSF-TA-005, AR-TSF-TA-010, AR-TSF-TA-025, AR-TSF-TA-050, AR-TSF-TA-100.
2. Zara's Allegheny County Jail in Pennsylvania Scrip tickets PA-1 to PA-7 have become: PA-ALL-CA-001, PA-ALL-CA-002, PA-ALL-CA-005, PA-ALL-CA-010, PA-ALL-CA-025, PA-ALL-CA-050, PA-ALL-CA-100, and the books containing these tickets, which are not identified in Zara have become: PA-ALL-BA-500, PA-ALL-BA-\$10, PA-ALL-BA-\$15, PA-ALL-BA-\$20.
3. Zara's New Hampshire punch card NH-1 has become NH-STP-PA-050.
4. Zara's New York NY-20 and NY-21 have become NY-SNG-TA-025a and NY-SNG-TA-025b

Cataloguing Approach for Private Youth Facilities

The only difference between the cataloging of Official Facility and Private Youth Facility scrip is that the three-letter facility identifier precedes the two-character state ID for Private Youth Facilities and they are listed alphabetically by facility rather than state.

Pricing

The initial release of this catalog includes no pricing information. Once we have published, we will attempt to provide some pricing guidance, probably in a range, similar to that used by Zara and others. Until then, many of these pieces are offered on eBay, and recent pricing history can be viewed there.

Request for Help

Our catalog is built on the shoulders of those who have gone before. We have used Zara's book, eBay listings, tokencatalog.com, the Prison Tokens and Collectables Facebook page and our own collections to compile this listing. But there are many items for which we have no image and we are sure that there are many others that we are not even aware of. Also, any such listings are bound to have errors. Since this is an electronic catalog, with your help, we will be able to update it periodically if you send your information to prisonscrip@gmail.com.

DEPARTMENT OF CORRECTIONS AND INSTITUTIONS- [MONTGOMERY \(Montgomery County\)](#)

			OBV	DEPT. OF CORRECTIONS & INSTITUTIONS / 1 / CENT (denomination within a circle of 22 incuse dots?) (black print?)
			REV	(state seal) (within a circle of 22 incuse dots?) (black print?)
AL-DCI-TA-001		Zara # AL-21		Note: No sample has been seen by the authors and so assumptions have been made
Plastic- red	40mm	Round		

				OBV	DEPT. OF CORRECTIONS & INSTITUTIONS / 5 / CENTS (denomination within a circle of 22 incuse dots?) (black print?)
				REV	(state seal) (within a circle of 22 incuse dots?) (black print?)
AL-DCI-TA-005		Zara # AL-22		Note: No sample has been seen by the authors and so assumptions have been made	
Plastic- blue	40mm	Round			

				OBV	DEPT. OF CORRECTIONS & INSTITUTIONS / 50 / CENTS (incuse gold print)
				REV	(state seal inside a geometric circle) (gold print)
AL-DCI-TA-050		Zara # AL-23		Note: Color can vary from white to cream.	
Plastic- white		40mm		Round	

All AL-ART-TA, AL-BOC-TA and possibly some AL-DCI-TA series tokens had inscriptions that were printed on the token rather than being incuse. The print on those wore off quickly. Many tokens we've seen are missing parts or all of the design. Tokens with full print should command a higher value to collectors.

ALASKA

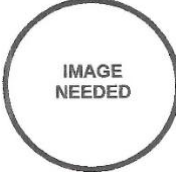

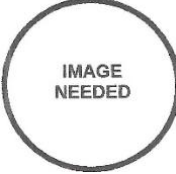

FAIRBANKS CORRECTIONAL CENTER- FAIRBANKS (North Star Borough)

AZ-APR-TA-100		Zara # AZ-17		Note:	
Aluminum	34mm	Round			

NOTE: According to Zara, Prison Road Camp tokens must have been issued between 1912 and 1935 since Arizona did not become a state until 1912 and the Los Angeles Rubber Stamp Co. closed in 1935. Road Camp facilities were located at Yuma, AZ from 1876 until 1909 when they were transferred to Florence. **Warning!! These tokens are highly prized by Arizona collectors and it has been reported that replicas/counterfeits exist.**

NOTE: According to Zara, Arkansas prison coupons were issued in booklets of \$1, \$2, \$3, \$5, \$10, \$15 and \$20. Most of the Tucker Unit coupons are almost impossible to find due to a fire at the prison years ago which destroyed most of them. We would appreciate any information about or scans of any of the booklets.

PINECREST STATE SCHOOL - [PINEVILLE \(Rapides Parish\)](#)

Tokens previously listed by Zara (LA-15 to LA-17) for this location have been removed. Research has determined that this facility was not a court ordered correctional facility but instead it was run by the Department of Health for those with disabilities.

NOTE: Named for the 96th governor of the state of South Carolina, the John G. Richards School was opened in 1966 as a state reformatory for juvenile detainees. Replacing the John G. Richards Industrial School for Negro Boys, the facility sought to educate juvenile offenders, as well as help them to develop work skills and social skills. The school was located on Shivers Road just outside of Columbia, near other state correctional facilities. In 1982, the school was incorporated into the Birchwood Campus on Broad River Road.

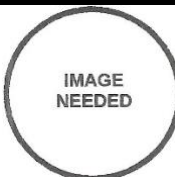

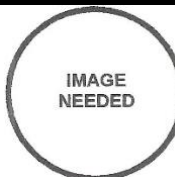

The facility that is currently called John G. Richards has no connection to the one that was operated in the 1960s and 1970s. The tokens were used during the early 1970s in conjunction with a behavior modification program designed to aid the young detainees in their moral and psychological development. The juvenile offenders were paid with tokens for doing various jobs, and the tokens could later be spent at the "MOD Store" for soft drinks, candy, toiletries, and other small items.

Paper- blue	53mm x 21mm	Rectangle	
Note:			

NOTE: At the time this facility was in operation it produced a variety of crops. Some of the barn-like structures, which I was told were for drying tobacco, are still standing and being used by another state agency. Other ruins are visible in the forested area next to St. Brides Correctional Center. This land was later reapportioned and became part of the independent city of Chesapeake.

FDR-MI-TA-100b		Zara # FR-10		Note: With \$. Some examples, like the one pictured, have a numeric counter stamp.	
Aluminum	32mm	Round			

		OBV	FORD REPUBLIC / 2.50 / (squiggle)
		REV	FORD REPUBLIC / 2.50 / (squiggle)
FDR-MI-TA-250	Zara # FR-11 or FR-12	Note: Difference between Wide and Narrow versions unknown since only one example is available to us. Some examples have a numeric counter stamp.	
Aluminum	32mm Round		

Note: Like the Hanna Boys' Center tokens below, we believe that the above counter stamped tokens are stamped with the inmate's individual ID number to prevent them from being stolen. We have chosen to note that they are available both as counter stamped and un-counter stamped but not listed them separately.

Brass	23mm	Round			

MAVERICK TOKEN IDENTIFIER

We are going to make this as simple as possible. If an item has the name of a state or territory on it you will not fill it listed below. The list below is provided to make proper identification much easier. Compare the text on your token to the alphabetical list below to find the state/territory it was used. This catalog is presented in two sections. Section one: are items issued by city, county and state/territorial governments for criminally adjudicated facilities. These state/territorial government issues are listed under each state/territory by the name of the facility in alphabetical order. Section two: are privately funded youth facilities. These items will be listed below with a "★" followed by alphabetical representation of the facility and the state it is located in. For example Boys Town School in Nebraska would be listed as BTS-NE. Private youth facilities are not listed by state but are listed in alphabetical order by the name of the facility.
